

Category and criteria for nomination

Shining Star

This award is for an individual that has strived to achieve something beyond their normal role requirements, shown a willingness to learn and improve, been a positive example to colleagues either within the service or across the care home sector; they go the extra mile and are innovative and passionate about their role.

Things to consider:

- Has one particular staff member stood out from the rest, if so how?
- Think about how they have worked differently during the Covid pandemic.
