

Category and criteria for nomination

Leading the Way

This award is aimed at an individual who is a role model and inspires others. They may have shown a vision, supported staff to reflect on what could be better and to bring about change.

They should be committed and enable others to improve.

Things to consider:

- Is there someone who doesn't give up easily and do they persevere when confronted by obstacles?
- How has their passion to succeed inspired others to follow through and reach the goals?
- How have they been optimistic and creative?
- How do they guide and support colleagues when they find things difficult (mentor/coaching)?
- Think about anything you have done differently during the Covid pandemic.
